The copy filmed here has been reproduced thanks to the generosity of:

Metropolitan Toronto Reference Library  
Arts Department

The images appearing here are the best quality possible considering the condition and legibility of the original copy and in keeping with the filming contract specifications.

Original copies in printed paper covers are filmed beginning with the front cover and ending on the last page with a printed or illustrated impression, or the back cover when appropriate. All other original copies are filmed beginning on the first page with a printed or illustrated impression, and ending on the last page with a printed or illustrated impression.

The last recorded frame on each microfiche shall contain the symbol  $\rightarrow$  (meaning "CONTINUED"), or the symbol  $\nabla$  (meaning "END"), whichever applies.

Maps, plates, charts, etc., may be filmed at different reduction ratios. Those too large to be entirely included in one exposure are filmed beginning in the upper left hand corner, left to right and top to bottom, as many frames as required. The following diagrams illustrate the method:

L'exemplaire filmé fut reproduit grâce à la générosité de:

Metropolitan Toronto Reference Library  
Arts Department

Les images suivantes ont été reproduites avec le plus grand soin, compte tenu de la condition et de la netteté de l'exemplaire filmé, et en conformité avec les conditions du contrat de filmage.

Les exemplaires originaux dont la couverture en papier est imprimée sont filmés en commençant par le premier plat et en terminant soit par la dernière page qui comporte une empreinte d'impression ou d'illustration, soit par le second plat, selon le cas. Tous les autres exemplaires originaux sont filmés en commençant par la première page qui comporte une empreinte d'impression ou d'illustration et en terminant par la dernière page qui comporte une telle empreinte.

Un des symboles suivants apparaîtra sur la dernière image de chaque microfiche, selon le cas: le symbole  $\rightarrow$  signifie "A SUIVRE", le symbole  $\nabla$  signifie "FIN".

Les cartes, planches, tableaux, etc., peuvent être filmés à des taux de réduction différents. Lorsque le document est trop grand pour être reproduit en un seul cliché, il est filmé à partir de l'angle supérieur gauche, de gauche à droite, et de haut en bas, en prenant le nombre d'images nécessaire. Les diagrammes suivants illustrent la méthode.

Faultless Construction,

Phenomenal Durability,

And are Sold at Honest Prices.

The high position which they now occupy has been secured through these points. They are guaranteed to stand in time and retain their evenness of tone longer than any piano ever manufactured, while in power and tone quality they are unequalled. A critical examination and comparison with pianos of the most distinguished of the competitors of the Hardman Piano is most respectfully invited, and the result will be the most convincing proof of the truth of the above.

### TESTIMONIALS SELECTED.

Toronto, April 12th, 1880.

I hereby certify that I have examined samples of JOHN LABATT'S INDIA PALE ALE, submitted to me for analysis by JAMES GOOD & CO., agents for this city, and find it to be perfectly sound, containing no acetic acids, impurities or adulterations, and can strongly recommend it as perfectly pure, and a very superior malt liquor.

HENRY H. CROFT.

BEAVER HALL HILL, Montreal, Dec. 20th, 1880.

I hereby certify that I have analysed several samples of INDIA PALE ALE and XXX STOUT, from the brewery of JOHN LABATT, London, Ont. I find them to be remarkably sound Ales, brewed from pure malt and hops. I have examined both the March and October brewings, and find them of uniform quality. They may be recommended to invalids or convalescents where malt beverages are required as tonic.

Signed, JOHN BAKER EDWARDS.

## WORLD'S EXPOSITION.

### AWARDS ON MUSICAL INSTRUMENTS.

The NEWCOMBE Pianoforte, manufactured by Octavius Newcombe & Co., of Toronto, Canada, heads the list with the first Silver Medal and jurors' report of commendation for construction, quality of material, workmanship, even tone throughout the instrument, and general excellence from a musical as well as mechanical point of view.

MR. W. WAUGH LAUDER, *the distinguished pianist,*  
writes:—

"The large upright piano, so very kindly placed at my disposal by your firm, more than fully upholds your reputation as makers. I have put the piano to the *very severest tests*, and can with pleasure speak decidedly as to the merits of its tone, which is mellow and clear in addition to being brilliant, its touch and action, which is very supple, sensitive, and thoroughly reliable in pianissimo work, in repetition and melodious phrasing; further, being very strong and solid it withstands the most fortissimo work like a Trojan."

A very large assortment of GRAND, SQUARE and UPRIGHT PIANOS of American as well as Canadian manufacturers on hand. Also a variety of Second-hand Pianos of nearly all the well-known makers.

BARABOIS, P. Q., May 4th. 1885.

**CHAS. CLUTHE, ESQ.**

Dear Sir,—I was wanting to have a few days trial of the Truss and I did, it  
 is good; if I had it at first I would have been all right. I will recommend any  
 one that is ruptured to apply to you for a Truss, you are the only one that will  
 do them good. I remain with thanks.

Yours respectfully,

**FRANCIS MICHEL.**

**CHAS. CLUTHE,**

Dear Sir,—I received the Truss that you sent for my sister and it suits her  
 all right. She says she would not be without it for three times the money it cost.  
 Dear Sir, please find enclosed a post office order for which I want you to send  
 me a Truss for myself by return of mail, please send me a good strong one.

Yours very respectfully,

 you and under your successful treatment the foot has got a natural shape, please  
 accept our sincere thanks.
